

obligor of all debt obligations supported by the assets in that portion.

(2) *Example.* The following example illustrates the principles of this section:

*Example.* (i) Corporation Z owns \$1,000,000,000 in assets including an office complex and \$90,000,000 of real estate mortgages.

(ii) On November 30, 1998, Corporation Z issues eight classes of bonds, Class A through Class H. Each class is secured by a separate letter of credit and by a lien on the office complex. One group of the real estate mortgages supports Class A through Class D, another group supports Class E through Class G, and a third group supports Class H. It is anticipated that the cash flows from each group of mortgages will service its related bonds.

(iii) Each of the following constitutes a separate portion of Corporation Z: the group of mortgages supporting Class A through Class D; the group of mortgages supporting Class E through Class G; and the group of mortgages supporting Class H. No other asset is included in any of the three portions notwithstanding the lien of the bonds on the office complex and the fact that Corporation Z is the issuer of the bonds. The letters of credit are treated as incidents of the mortgages to which they relate.

(iv) For purposes of section 7701(i)(2)(A)(ii), each portion described above is treated as the obligor of the bonds of that portion, notwithstanding the fact that Corporation Z is the legal obligor with respect to the bonds.

### § 301.7701(i)-3 Effective dates and duration of taxable mortgage pool classification.

(a) *Effective dates.* Except as otherwise provided, the regulations under section 7701(i) are effective and applicable September 6, 1995.

(b) *Entities in existence on December 31, 1991—(1) In general.* For transitional rules concerning the application of section 7701(i) to entities in existence on December 31, 1991, see section 675(c) of the Tax Reform Act of 1986.

(3) *Related debt obligation.* A related debt obligation is a debt obligation whose payments bear a relationship (within the meaning of § 301.7701-1(f)) to payments on debt obligations that the entity holds as assets.

(4) *Example.* The following example illustrates the principles of this paragraph (b):

*Example.* On December 31, 1991, Partnership Q holds a pool of real estate mortgages that it acquired through retail sales of single family homes. Partnership Q raises \$10,000,000 on October 25, 1996, by using this pool to issue related debt obligations with multiple maturities. The transfer of the \$10,000,000 to Partnership Q is a substantial transfer (within the meaning of § 301.7701(i)-3(b)(2)).

(c) *Duration of taxable mortgage pool classification—(1) Commencement and duration.* An entity is classified as a taxable mortgage pool on the first testing day that it meets the definition of a taxable mortgage pool. Once an entity is classified as a taxable mortgage pool, that classification continues through the day the entity retires its last related debt obligation.

(2) *Testing day defined.* A testing day is any day on or after September 6, 1995, on which an entity issues a related debt obligation (as defined in paragraph (b)(3) of this section) that is significant in amount.
